SUMMARY

Data Analyst with hands-on experience in data collection, cleaning, and analysis. Skilled in SQL, Power BI, Denodo VQL, Excel, and Power Query for data analysis, reporting, and dashboard development. Experienced in transforming complex datasets into actionable insights that support data-driven decision-making. Detail-oriented professional with strong analytical and problem-solving skills, passionate about leveraging data to solve business challenges and improve organizational performance.

WORK EXPERIENCE

BI Developer | Banque Misr (Outsourced via A1 Softech) – Egypt | Aug 2025 – Present

- Assist in developing and automating business and operational reports to support decision-making.
- Analyze complex datasets using SQL (Oracle), Denodo VQL, and SAP.
- Develop interactive dashboards and visualizations using Power BI and Tableau.
- Collaborate with cross-functional teams to improve reporting processes and ensure data accuracy.
- Perform ad-hoc data analysis to identify trends, patterns, and business opportunities.

Data Analyst | Orascom Construction PLC – Egypt | Feb 2025 - Aug 2025

- Recorded and maintained spare parts transactions in Oracle ERP (addition, issuance, transfers).
 - Extracted and analyzed inventory data to track consumption and optimize stock levels.
 - Developed Power BI dashboards and Excel reports to monitor inventory trends and provide actionable insights.
 - Analyzed data to identify inefficiencies in inventory movements, aiming to reduce costs and improve accuracy.
 - Collaborated with teams to ensure accurate stock records and generate comprehensive reports for decision-making.
-

Training&Certifications

Introduction to Data Analysis – Creativa Innovation Hub | Jun 2024

- Applied data cleaning, transformation, and integration.
- Used Excel (functions, pivot tables, charts).
- Created dashboards with Looker Studio.

Starting With Looker Studio – Great Learning | Jun 2024

- Built interactive dashboards and visualizations.

Building Dashboards Using Excel – EDRAK | May 2024

- Developed Excel dashboards for reporting and analysis.

Database Development – ITI | Feb 2022

- Learned database fundamentals, design principles, and data modeling.
 - Gained hands-on experience with SQL Server for setup, management, and optimization.
 - Performed SQL reporting, analysis, and data visualization.
-

Skills&Competencies

- **Data Visualization&Reporting:** Power BI, Tableau, Looker Studio, Excel, SQL Server Reporting Services (SSRS), SAP BO, SAP InfoView, Denodo Studio
 - **Programming&Analysis:** Python, SQL Server, SQL Server Analysis Services (SSAS), OLAP, Power Pivot, DAX, Data Analytics, Data Modeling, Denodo VQL
 - **ETL&Data Management:** SQL Server Integration Services (SSIS), Power Query, Data Wrangling, Data Warehousing
 - **Project&Collaboration Tools:** Jira
 - **Soft Skills:** Analytical Thinking, Problem Solving, Attention to Detail, Communication, Teamwork & Collaboration, Time Management, Adaptability
-

Education

Bachelor of Computers and Information – University of Minya | Jul 2022
